GRAND RAPIDS 8, MICHIGAN

GREETINGS FOR 1954

To Our Gardening Friends:

Your dream garden, to look its best all through the year, needs plant material to furnish a succession of harmonious bloom. In our little list you will find many things to help you attain that end.

As we have many things not listed here, you are invited to come in and browse around at any time. All our best wishes for your gardening success, and may all your dreams come true.

*Lawrence D.* The Englerths *Winifred L.*

POSTAGE: All orders for \$3.00 or over will be sent post-paid. With orders for less than that amount, please include 25¢ for packing and mailing.

Michigan customers please include 3% sales tax.

## BEGINNERS' ALL-SEASON DAYLILY COLLECTION

<u>Early</u>	<u>Intermediate</u>	<u>Midseason</u>	<u>Late</u>
Sovereign	Serenade	Hyperion	Aug. Pioneer
Minor	Waubun	Marcus	Anna Betscher
Tangerine	Crown of Gold	Linda	Gold Imperial
Middendorffii	Soudan	Tejas	Highboy
Dr. Regel	Glorianna	Patricia	Mary Florence
Brunette	Mikado	Dauntless	Sunny West

To make up a collection of your own choice that will bloom for you all through the season, select two from each of the above four lists, 8 daylilies in all, which will be sent labeled for \$3.50.

Four from each classification, 16 daylilies in all, for \$6.00.

## UNLABELED DAYLILY COLLECTION

If you are not interested in names, but do want daylily color all through the summer, we will make you up a collection of 12 fine lilies, our selection and unlabeled, and send postpaid for \$3.00.

On account of much higher postage rates, we have been forced to raise the price on this popular collection, but we have added two more daylilies.

Our list of Garden Lilies in color will be mailed this summer.

# Daylilies

(HEMEROCALLIS)

Daylilies can be the backbone of your perennial border, as they can furnish the sunshine colors of cream yellow to gold from May until frost. Or they can be planted in bold splashes of orange, flame and shades of red against shrubbery or evergreens, where you wish to make an accent point. Or you may have a garden of daylilies by themselves in all their lovely shades. They combine beautifully with iris plantings, too, some to bloom with the iris and others to carry color on through the season. They require time to become established, and should be left undisturbed for some time, as they do not start to give their best performance until their second and third years.

Prices are for strong single divisions, and we ship either in early spring or in late summer and fall.

Abbreviations used are as follows:

- E - Early; late May and early June in this locality
- I - Intermediate; from early to mid-June into July
- M - Midseason or July bloomers
- LM - Late midseason, July into August
- L - Late; August and September
- RE - Has repeat bloom
- EV - Has evergreen foliage tendencies
- OE - Remains open into the evening

AFTERGLOW (Stout) 40"-M-OE. Unusual pastel buff with raised midrib, best in partial shade	\$1.50
ALADDIN (Stout) 40"-I-OE-RE. Clusters of orange-yellow blooms - deep brown eye-zone	.50

#### DWARF IRIS

Ten unlabeled, nice varieties in full range of color for  
\$2.00

#### ECHINOPS TAPLOW BLUE

This outstanding globe thistle makes wonderful specimen plants  
for the back of the summer perennial border.

Deeper in color than the ordinary echinops ritro.

Nice plants for this summer bloom 60¢ each, three for \$1.60

#### DIANTHUS ROSE CUSHION

A little dwarf gem with glaucous gray-green foliage.

It looks like a perfect little pin cushion. In June  
the plants are covered with tiny pink flowers 1/2 inch in  
diameter on 3-inch stems. You will love it.

Plants each 50¢

#### TALL BEARDED IRIS

Ten unlabeled, nice range of colors in good varieties for  
\$2.00

#### PHLOX

10 large 2-year plants,  
five or more varieties, good range of colors, unlabeled,  
for only \$2.00

#### TO OUR LOCAL CUSTOMERS

At our nursery sales lot, 4620 So. Division Ave., we carry a  
complete line of garden fertilizers, sprays and dusts, grass  
seed, other garden seeds, bulbs, annual and perennial plants,  
shrubs, evergreens and small trees. Also, bird-baths, urns and  
other garden ornaments, power lawn mowers and Roto-Hoes.

Our selection of potted roses covers all the popular flor-  
ibundas, everbloomers and climbers, and these can be set into  
your garden with growth starting, or in full bloom with no  
harm to the plant.

We have many plants in our fields which we do not have the  
space to display at our sales lot, and do not have the personnel  
at all times available to dig individual orders from the field,  
so it is well to give us some advance notice on special orders.

Visitors are always welcome, and we have a variety of inter-  
esting displays through the season. Tulip time here is fol-  
lowed by iris time, with splashes of Oriental poppies. While  
we have daylilies blooming from iris time until frost, July is  
the height of their bloom season. Phlox bloom also in July and  
August, and from September until frost the mum fields make  
a colorful show.
